

FE SEM I (All Branches)

Sr. No.	Course Code	Course Name	Comment
1.	FEC101	Applied Mathematics I	Subject deals with various types of differentiation methods.
2.	FEC104	Engineering Mechanics	Analysis different motion of moving body.
3.	FEC105	Basic Electrical Engineering	Subject helps to analysis behaviour of the circuit.

FE SEM II (All Branches)

Sr. No.	Course Code	Course Name	Comment
1.	FEC201	Applied Mathematics II	Subject deals mainly with types of integration methods.
2.	FEC205	Structure Programming Approach	Learn various coding techniques to solve real time problems.
3.	FEC204	Engineering Drawing	Teaches Visualization and projection of object.
